

9th Tooling Conference at MCL-Noida

The 9th Tooling Conference was held on 13th & 14th March, 2014 at MCL- Noida. The conference was chaired by Mr. Ashim Vohra, Mr. Anil Maheshwari & Mr. Senthilnath (Champion of Tooling Conference).

During the conference, the units shared their learning's captured from the previous Tooling Conference. They also shared the status of their current Tooling related indicators, gaps & the corrective actions. Initiatives for SMED , Tool life enhancement & Concurrent Engineering example were also shared for better performance.

A case study by the units was presented on 'how to resolve a critical issue' .

Feedback was given by the GBE & Tooling Conference Champion to the respective units during their presentations.

Functional teams were formed to prepare the manuals for Sheet Metal, Die Casting & Plastic molding process.

At the end of the conference, awards were distributed for the 1st , 2nd and 3rd position. The first prize was won by MSIL, Pune followed by the 2nd prize by MSEL, Greater Noida and the 3rd prize was won by MCL-Die Casting Division.

Participants were also given certificates towards the end of the conference.
